

Tabla Touch Pro Quick Start Guide

We know that you'll be keen to plug it in and play straight away, so here's a quick start guide to get you going. Please read the enclosed manual for further information.

1. Connect the included AC adapter to the DC IN socket of your Tabla Touch.
2. Plug the AC adapter into an AC outlet.
3. Insert your headphones into the socket on the connection panel OR connect your Tabla Touch to an amplifier / mixer with a suitable jack lead, but do not turn the amplifier on yet.
4. Turn on your Tabla Touch by pushing the switch away from you. The green power light will turn on immediately and the screen will appear in approximately 25 seconds after all the sound banks have uploaded.
5. Turn on your amplifier and adjust the volume to your desired setting.
